Banners are all printed with outdoor UV solvent inks that are warranted against fading for three years. All printing is custom and is priced per sq. ft. (LxW). Sewn hems on all four sides and standard grommets or pole pockets are included. If banners are to be hung in windy areas let us know and we can add wind slits at no additional cost.This vinyl is flameresistant, it is NEPA 701, CA fire Marshall

Vinyl Banners are made from heavy duty fire retardant 13oz "scrim" vinyl. We use a matt vinyl that helps reduce glare.

Corrugated Plastic style signs are the most popular option with marketing campaigns due to price, ease of install, and durability. Printed on premium 4mil corrugated plastic in vibrant digital colors. UV Cured inks for outdoor durability. These signs are printed using Grand Format technologies and are meant to be viewed from a distance of 5+ Feet

3/16" CoroPlast – (cardboard made out of plastic) it is sturdy plastic sheeting extruded from either polypropylene or high density polyethylene. It is more durable than corrugated fiberboard, lighter in weight than wood and solid plastic sheets. Its fluted ribs support both surfaces, it light weight, tough and abuse resistant. Additionally, it is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications.

Full color digital print to either 3/16" Foam Core, .040 Polystyrene, 3/16" Gator Board or 1/8 Sintra. Prints are priced for standard size posters, can be 1 or 2 sided if different size is needed please contact us. Clear gloss varnish is included on the Gatorfoam and Sintra, there is additional cost on Foam and Polystyrene. All mounted prints must ship flat.

3/16" Foam Core – Consists of foam laminated on both sides. This lightweight material can be used for a wide variety of applications including point-of-purchase displays, exhibits, and signs. Because it is a paper product this material is best used for inside use.

Polystyrene .040 - is a lightweight flexible plastic material. This material is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications

White Gatorfoam – 3/16" These boards are rigid and lightweight making them an excellent choice for signage, photo mounting, exhibits, and point of purchase displays. Because it is a paper product this material is best used for inside use.

Sintra – 3MM, is an PVC board with a matte finish. It is lightweight, durable, chemical resistant, has fire retardant capabilities. It is an excellent substrate for point-of-purchase displays and signs.
Sintra is also chemical and water resistant making it an idea choice for numerous outdoor applications.
3MM is standard for mounted prices below, if thicker is need please call or e-mail for pricing.
