Banners are all printed with outdoor UV solvent inks that are warranted against fading for three years. All printing is custom and is priced per sq. ft. (LxW). Sewn hems on all four sides and standard grommets or pole pockets are included. If banners are to be hung in windy areas let us know and we can add wind slits at no additional cost. Additional finishing options are available at a nominal fee, e.g., if you are ordering

a larger banner (over 15' wide and 5' tall) we would advise using webbing. Webbing is like seatbelt material, it gets sewn into the hem and it helps support the weight on larger banners. "D-rings" can also be sewn into the webbing to help with hanging. Rope can also be purchased. We will need to know how many feet will be needed. We only print 1 sided. If 2 sided banners are needed, we print 2 and sew the banners back to back. Realize that you are doubling your sq. footage cost. This vinyl is flameresistant, it is NEPA 701, CA fire Marshall, NYC (MEA)

Vinyl Banners are made from heavy duty fire retardant 13oz "scrim" vinyl. We use a matt vinyl that helps reduce glare.

Table Throws

Tablecloths can be either as throws, fitted or stretch. Econo, 3 sided or 4 sided and come in 8, 6, and 4-foot table lengths. 3 sides hang down to the floor on the front and two sides with approx. 6" in the back to allow access for chairs and/or storage. 4 sided covers all 4 sides to the floor. All the material starts off white and we print to the color you need. Choose from white background with front imprint or full (solid) coverage. Printing is for standard size tables 30" tall x 24" deep x 4', 6' or 8' lengths.

NO ART CHARGES WITH DIGITAL FILE

Dye-Sub Polyester Flags

These flags are full color wrinkle resistant, fire retardant, and direct to fabric dye sublimated premium quality polyester. They are digitally printed (material starts off white and we print to any color needed). Our flag is a 2.1 oz flag Material, fully washable and NFPA 701 Flame Resistant. This material is great for school/gymnasium banners or for any instance you need a premium quality/non-vinyl look. We only print 1 sided. If 2 sided flags are needed, we print 2 and sew the banners back to back w/ a black-out liner. They can be finished with either a canvas heading and brass grommets or a pole pocket that can be opened up on either end for a pole to go all the way thru the top or sewn closed on the top so the rod will not go thru, both ways are hemmed on all sides.

Fabric Banners

These banners are full color wrinkle resistant, fire retardant, and direct to fabric dye sublimated premium quality polyester. They are digitally printed (material starts off white and we print to any color needed). Material is 240 grams / 8.5 oz. Fully washable premium quality polyester.

This material is great for school/gymnasium banners or any instance you need a premium quality/non-vinyl look.

We only print 1 sided. If 2 sided fabric banners are needed, see our Flag page, we can only sew flag material 2 sided. They can be finished with either a canvas heading and brass grommets or a pole pocket, both ways are hemmed on all sides. They are available in several sizes, custom sizes are also available. Allowance must be made for variation of colors please send PMS colors and we will setup to a process (CMYK) color match, but on fabric we do not guarantee a color match because of the dye-sub process. Photo backgrounds/raster images or gradations we do not change or alter the art, colors that are close in color/subtle changes (i.e., red and lighter red) do not always show up, it is better to give more of a contrast.

All of our fabrics are made in America and treated to meet NFPA 701 flame resistance standards.

OUTDOOR BANNER STANDS

10' Event Tent

Shown with optional Full Back Wall & Side 1/2 Walls

All Tent Packages are next level in outdoor advertising. Achieve 360 degrees of branding with a custom full fabric dye-sub canopy and hardware package.

Canopy is full printed (not just the valances) and sewn Weather Resistant Tent Polyester 600 Denier. Print your brand message on each of the four peaks and valance panels. Our large format full color capabilities take artwork seam to seam unlike competitor tents that rely on small vinyl applications.

Heavy duty hex shape 40 mm. aluminum hardware (not steel) gives the tent strength in outdoor installations. Telescopic legs allow you to adjust the height, and the interior lattice expands the tent interior with the crank of a handle. Each leg has a foot plate ready to be staked to the ground. (Ropes, stakes, and standard carrying bag included with hardware).

Features:
High resolution digitally printed at 720 x 720 Dye-Sublimation Graphic Scratch Resistant Weather Resistant (water proof coated fabric)

Material:
6 oz. Tent Fabric (600x600 denier)

Coro Signs

Corrugated Plastic style signs are the most popular option with marketing campaigns due to price, ease of install, and durability. Printed on premium 4mil corrugated plastic in vibrant digital colors. UV Cured inks for outdoor durability. These signs are printed using Grand Format technologies and are meant to be viewed from a distance of 5+ Feet

3/16" COROPLAST – (cardboard made out of plastic) it is sturdy plastic sheeting extruded from either polypropylene or high density polyethylene. It is more durable than corrugated fiberboard, lighter in weight than wood and solid plastic sheets. Its fluted ribs support both surfaces, it light weight, tough and abuse resistant. Additionally, it is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications.

Mounted Prints

Full color digital print to either 3/16" Foam Core, .040 Polystyrene, 3/16" Gator Board or 1/8 Sintra. Prints are priced for standard size posters, can be 1 or 2 sided if different size is needed please contact us. Clear gloss varnish is included on the Gatorfoam and Sintra, there is additional cost on Foam and Polystyrene. All mounted prints must ship flat.

3/16" FOAM CORE – Consists of foam laminated on both sides. This lightweight material can be used for a wide variety of applications including point-of-purchase displays, exhibits, and signs. Because it is a paper product this material is best used for inside use.

POLYSTYRENE .040 - is a lightweight flexible plastic material. This material is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications

WHITE GATORFOAM – 3/16" These boards are rigid and lightweight making them an excellent choice for signage, photo mounting, exhibits, and point of purchase displays. Because it is a paper product this material is best used for inside use.

SINTRA – 3MM, is an PVC board with a matte finish. It is lightweight, durable, chemical resistant, has fire retardant capabilities. It is an excellent substrate for point-of-purchase displays and signs.

Sintra is also chemical and water resistant making it an idea choice for numerous outdoor applications. 3MM is standard for mounted prices below, if thicker is need please call or e-mail for pricing.
