w/ lam sold as pair  
12" x 18" \$18.00  
12" x 24" \$24.00  
18" x 24" \$36.00

**Banners** are all printed with outdoor UV solvent inks that are warranted against fading for three years. All printing is custom and is priced per sq. ft. (LxW). Sewn hems on all four sides and standard grommets or pole pockets are included. If banners are to be hung in windy areas let us know and we can add wind slits at no additional cost. Additional finishing options are available at a nominal fee, e.g., if you are ordering a larger banner (over 15' wide and 5' tall) we would advise using webbing. Webbing is like seatbelt material, it gets sewn into the hem and it helps support the weight on larger banners. "D-rings" can also be sewn into the webbing to help with hanging. Rope can also be purchased. We will need to know how many feet will be needed. We only print 1 sided. If 2 sided banners are needed, we print 2 and sew the banners back to back. Realize that you are doubling your sq. footage cost. This vinyl is flameresistant, it is NEPA 701, CA fire Marshall, NYC (MEA)

**Vinyl Banners** are made from heavy duty fire retardant 13oz "scrim" vinyl. We use a matt vinyl that helps reduce glare.

# Custom Flags & Fabric Banners

Images and sizes below are just examples of what is possible.

**NO ART CHARGES**  
WITH DIGITAL FILE

## Dye-Sub Polyester Flags

These flags are full color wrinkle resistant, fire retardant, and direct to fabric dye sublimated premium quality polyester. They are digitally printed (material starts off white and we print to any color needed). Our flag is a 2.1 oz flag Material, fully washable and NFPA 701 Flame Resistant. This material is great for school/gymnasium banners or for any instance you need a premium quality/non-vinyl look. We only print 1 sided. If 2 sided flags are needed, we print 2 and sew the banners back to back w/ a black-out liner. They can be finished with either a canvas heading and brass grommets or a pole pocket that can be opened up on either end for a pole to go all the way thru the top or sewn closed on the top so the rod will not go thru, both ways are hemmed on all sides.

## Flag Pole Hardware

Keep your flag waving proudly, allowing customers to locate your company fast with the 5' silver aluminum spinner pole! Our revolutionary pole keeps your flag from wrapping around the pole, hiding your message or symbol. The flagpole features a top section that spins freely on a set of ball bearings, allowing the flag to stay unwrapped. Please be advised the 6' spinner will only work with flags 3' x 5' or smaller. Perfect for a variety of events, this must-have accessory is sure to catch some attention!

## Mini Table Top & 2 Sided Mini

Our new Mini Retractable Banner Stand or Table Top Banner Stand is a fantastic option for those that are looking to add a Wow! factor to POP signage. It's a miniature version of our popular Deluxe Banner Stand and displays a 12x16.5" sized graphic that can be retracted for safe keeping or travel. The hardware has a silver body construction and chrome endcaps.

**Tension Fabric Stand**

**22"x28" Display Stand**

**Fabric Pop Up Display**

Tension Fabric Stands are the latest in indoor stand-alone advertising. The interlocking tube hardware is lightweight and built for lightning quick setups, no tools necessary! Once the hardware is in place just slip the "pillow-case" stretch fabric graphic over the frame, zip the graphic closed and set-up is complete. Graphics are full-color custom dye-sub. Add the double-sided option for twice the graphic impact.

Poster Stand accommodates a 22" x 28" drop in rigid graphic and stands 60" tall. This sign holder is perfect for retail advertising, commonly seen in front or mid-store. Our double-sided PVC graphics easily drop in the frame for quick display.

The pop-up display is so quick and easy to assemble with its pop-up mechanism. Dye sublimated tension fabric graphics come with sewn on velcro that attaches to velcro on the accordion style frame. The graphics wrap onto the side profile of this display for full coverage endcaps.

Hanging wire and ceiling hooks not included.

Corrugated Plastic style signs are the most popular option with marketing campaigns due to price, ease of install, and durability. Printed on premium 4mil corrugated plastic in vibrant digital colors. UV Cured inks for outdoor durability. These signs are printed using Grand Format technologies and are meant to be viewed from a distance of 5+ Feet

**3/16" COROPLAST** – (cardboard made out of plastic) it is sturdy plastic sheeting extruded from either polypropylene or high density polyethylene. It is more durable than corrugated fiberboard, lighter in weight than wood and solid plastic sheets. Its fluted ribs support both surfaces, it light weight, tough and abuse resistant. Additionally, it is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications.

Full color digital print to either 3/16" Foam Core, .040 Polystyrene, 3/16" Gator Board or 1/8 Sintra. Prints are priced for standard size posters, can be 1 or 2 sided if different size is needed please contact us. Clear gloss varnish is included on the Gatorfoam and Sintra, there is additional cost on Foam and Polystyrene. All mounted prints must ship flat.

**3/16" FOAM CORE** – Consists of foam laminated on both sides. This lightweight material can be used for a wide variety of applications including point-of-purchase displays, exhibits, and signs. Because it is a paper product this material is best used for inside use.

**POLYSTYRENE .040** - is a lightweight flexible plastic material. This material is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications

**WHITE GATORFOAM** – 3/16" These boards are rigid and lightweight making them an excellent choice for signage, photo mounting, exhibits, and point of purchase displays. Because it is a paper product this material is best used for inside use.

**SINTRA** – 3MM, is an PVC board with a matte finish. It is lightweight, durable, chemical resistant, has fire retardant capabilities. It is an excellent substrate for point-of-purchase displays and signs.

Sintra is also chemical and water resistant making it an idea choice for numerous outdoor applications. 3MM is standard for mounted prices below, if thicker is need please call or e-mail for pricing.
