Banners are all printed with outdoor UV solvent inks that are warranted against fading for three years. All printing is custom and is priced per sq. ft. (LxW). Sewn hems on all four sides and standard grommets or pole pockets are included. If banners are to be hung in windy areas let us know and we can add wind slits at no additional cost. This vinyl is flameresistant, it is NEPA 701, CA fire Marshall

Vinyl Banners are made from heavy duty fire retardant 130z "scrim" vinyl. We use a matt vinyl that helps reduce glare.

Tension Fabric Stand

22"x28" Display Stand

Fabric Pop Up Display

Tension Fabric Stands are the latest in indoor stand-alone advertising. The interlocking tube hardware is lightweight and built for lightning quick setups, no tools necessary! Once the hardware is in place just slip the "pillow-case" stretch fabric graphic over the frame, zip the graphic closed and set-up is complete. Graphics are full-color custom dye-sub. Add the double-sided option for twice the graphic impact.

Poster Stand accommodates a 22" x 28" drop in rigid graphic and stands 60" tall. This sign holder is perfect for retail advertising, commonly seen in front or mid-store. Our double-sided PVC graphics easily drop in the frame for quick display.

The pop-up display is so quick and easy to assemble with its pop-up mechanism. Dye sublimated tension fabric graphics come with sewn on velcro that attaches to velcro on the accordion style frame. The graphics wrap onto the side profile of this display for full coverage endcaps.

Coro Signs

Our posters are digitally printed on 8 mil photo paper (52 lb.text). They can be encapsulated in lam (Thermal "Hot" Lamination – Gloss in 3 mil. Thermal lams encapsulate your art in the lam, top and bottom to help protect it and makes the print thicker and more rigid). Below are prices for standard size posters if different size is needed please contact us. See our Display Stands to hold your 22"x28" posters.

Perfect for retail, hang in store windows or anywhere inside. System is made of the finest aluminum. With our 3 step easy install, you can install or change graphics within seconds. Simply open, insert, and snap close. Thanks to this unique design, our Hanging Clamp Bar will hold your graphic with amazing strength with no scoring, pockets, or any special graphic treatment. This easy-to-use hardware system comes with 4 ready to hang hooks and can be used in any indoor location.

Corrugated Plastic style signs are the most popular option with marketing campaigns due to price, ease of install, and durability. Printed on premium 4mil corrugated plastic in vibrant digital colors. UV Cured inks for outdoor durability. These signs are printed using Grand Format technologies and are meant to be viewed from a distance of 5+ Feet

3/16" COROPLAST – (cardboard made out of plastic) it is sturdy plastic sheeting extruded from either polypropylene or high density polyethylene. It is more durable than corrugated fiberboard, lighter in weight than wood and solid plastic sheets. Its fluted ribs support both surfaces, it light weight, tough and abuse resistant. Additionally, it is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications.

Full color digital print to either 3/16" Foam Core, .040 Polystyrene, 3/16" Gator Board or 1/8 Sintra. Prints are priced for standard size posters, can be 1 or 2 sided if different size is needed please contact us. Clear gloss varnish is included on the Gatorfoam and Sintra, there is additional cost on Foam and Polystyrene. All mounted prints must ship flat.

3/16" FOAM CORE – Consists of foam laminated on both sides. This lightweight material can be used for a wide variety of applications including point-of-purchase displays, exhibits, and signs. Because it is a paper product this material is best used for inside use.

POLYSTYRENE .040 - is a lightweight flexible plastic material. This material is both chemical and water resistant making it an idea choice for numerous outdoor commercial and industrial applications

WHITE GATORFOAM – 3/16" These boards are rigid and lightweight making them an excellent choice for signage, photo mounting, exhibits, and point of purchase displays. Because it is a paper product this material is best used for inside use.

SINTRA – 3MM, is an PVC board with a matte finish. It is lightweight, durable, chemical resistant, has fire retardant capabilities. It is an excellent substrate for point-of-purchase displays and signs.

Sintra is also chemical and water resistant making it an idea choice for numerous outdoor applications. 3MM is standard for mounted prices below, if thicker is need please call or e-mail for pricing.
